FOREWORD

FOREWORD

In publishing this Voyager we hope we have succeeded in keeping up the spirit of Carnegie High so that it may go on and, regardless of all difficulties, continue its activities with the same degree of success it has known in past years. In this yearbook we have introduced the sections by means of related divisional drawings, and, in addition, have attempted to make the student familiar with some of the noted works in art through the medium of copies done by John Kiska and Irene Tretiach. In future years may this Voyager keep recall memories of pleasant times and old friends.

Our sincere wishes go to our faculty and those we leave behind to continue our work and keep alive the fine spirit in Carnegie High School.

DEDICATION

In recognition of his untiring work in the music department of the Carnegie schools, his accomplishments and successes in his musical productions, his earnest desire to instill and advance an appreciation of music, and his continual patience, we wish to dedicate this Voyager of 1933.

ANOTHER volume of the Voyager has made its appearance. The students have supported it as they always have done. Their support is an attestation of its worth. In the office of the high school, the Voyager has often been used as a reference text to ascertain authentic facts of school history. We wish to use this volume as a preserver of data which recently has come to our notice. On the growth of the school for the past seven years, we observe the following:

Enrollment; 1926-27, 418; 1927-28, 470; 1928-29, 472; 1929-30, 525; 1930-31, 590; 1931-32, 671; 1932-33, 710.

From a questionnaire submitted to the students who are now in the high school, it was observed that their immediate ancestry was as follows: German, 203; Russian, 184; Polish, 151; English, 151; Italian, 101; Irish, 85; Scotch, 64; Hebrew, 62; Welsh, 28; Austrian, 16; Syrian, 15; Slavish, 12; Hungarian, 4; Slovak, 4; Swedish, 3; Lithuanian, 3; American Indian, 2; Belgian, 1; Swiss, 1; Negro, 3; Spanish Filipino, 1; Greek, 1; Rumanian, 1. The questionnaire also revealed that 533 of the parents are of foreign birth, and that 478 of these, or about 90 percent, have become American citizens. These adopted citizens are among the loyal patrons of our school and are proud to have their children in an institution of learning that knows neither race, color, nor creed, and where merit only is the basis of distinction.

The Board of Education

HE annual publication of the Voyager is a splendid cooperative student activity. Its pages reflect every phase of the activity and life of the entire student body. No other activity offers so great opportunity for real artistic expression. For these reasons it is a genuine pleasure to watch the improvement of the Voyager from year to year. The members of the Board of Education and the Superintendent are glad to have this opportunity to congratulate the staff, the sponsors, and the students on their achievement this year. You have done an excellent piece of work. It reflects the fine spirit which characterizes Carnegie High School. We are proud of such spirit and assure you that we have at all times a very sincere desire to encourage and support this worth while activity.

CLASS POEM

The Senior Class has crossed the sea
And disembarked at '33.
The voyage was calm,
Our ship was strong,
Good sailors we tried hard to be.

We thank our crew from captain down
Our teachers, who with word or frown
Tried hard to aid.
They're not repaid
By our mere thanks and praise alone.

To you, the class of thirty-four,
Each senior hands his dripping oar.
The same to use
Upon your cruise
To that strange shore of "life to be."

And Sophomores and Freshmen, too,
We wish the best of luck to you.
Along your way
Don't dare delay
But learn each lesson thoroughly.

Upon the shore we turn our gaze
Toward the sun's first morning rays.
To gain success
We'll try our best,
No obstacle will mar our path.

And as we leave we see our ship
Returning for another trip.
At close of day
She sails away
And we must start our journey forth.

Raymer's compositions all
Have strength and power and luster;
We're not sure but what they came
From under some book's cover.

SENIORS

There's nothing that cannot be done
By this youth we all must confess;
He'll conquer all obstacles one by one,
He'll stand the severest test.

Our teacher likes to talk to Scott
And 'bout the girlies tease,
Because he seems to blush so much
Whene'er he's ill at ease.

Simon and his old black shirt
Are well known 'round the school;
He says he's "Mussolini's pal"
But no one does he fool.

Edna has a smiling face,
And she's a pleasant sort;
To voice her praises near enough
This verse is much too short.

Claire is punctual, always prompt,
Whether rain or shine;
We've never known her to be late
But always right on time.

Juniors

WE have completed three happy years in Carnegie High School and it is not without a feeling of sadness that we realize that only one short term remains before we leave it. After three years of high school life we fully appreciate the position into which a typical Freshman is placed upon entering. His first year is primarily one of study because of the decidedly different nature of the subjects presented. In his second year he becomes more familiar with the routine and begins to take his place in scholastic activities. As a Junior he continues his scholastic advancement and realizes that he is rapidly approaching the end of the happiest four years of his school life. This thought spurs him on to try his best to attain his ambitions.

It is to this end that the Class of '34 is striving and it is through this exact routine that we have passed. During our Sophomore and Junior years we were well represented on gridiron, floor, and diamond, and also in the field of music.

Our most important social activities were the Sophomore Hop, the Junior Prom, and our girls' T. M. T. M. Club dances. The Sophomore Hop marked the successful ending to our second term and the brilliant Junior Prom seemed a fitting closing to our third year.

We only hope, as we enter upon the closing year in Carnegie High School, that we may uphold the high standards set by our friends of the Class of 1933.

William Wellings, Jr. '34.

Sophomores

Carnegie High School has had what we believe to be
 An up-and-going group in the class of "35."
 Running high in the number of Voyager subscriptions sold,
 Not being backward at all in representation on the varsity teams,
 Encouraged by the showing of our boys' and girls' interclass teams,
 Grasping at every opportunity to surpass the other classes
 In athletics, and in scholastic activities, what
 Else could you desire from good old "35"?

Sophomore comes from the Greek "foolish," but unlike
 Ordinary second year classes, we do not live up to our name, having as
 President, Karl Theiss; Vice-President, Jane Stewart; and
 Having as Secretary, Vernon Morrison; and as Treasurer, Donald Steele.
 Our officers have worked diligently for the betterment of the class.
 More could hardly be asked
 Of a second year class.
 Roy Lewis as business manager and Lee Campbell as class
 Editor were elected to represent us on the Voyager staff.
 So we have completed our second year.

Lee Campbell '35.

FRESHMEN

The Freshman Class

BECOMING a Freshman in a high school is like starting a new adventure. Many uncertainties, new faces, and new surroundings combine to make a Freshman appear awkward and green. The members of our class found themselves no exception to the general rule. After being assigned to our places and passing through the period of "ducking in the fountain," we got over our shyness and settled down to work. We made the usual number of mistakes which permitted the upper classmen to make the customary "bright" remarks about the "dumb" Freshmen. They forgot that they were Freshmen once or twice themselves. Our class started the year with an enrollment of 281, but moving and various other causes reduced the number to 268.

In athletics our class aimed to be a shining light. Four members of our class reported for football practice in the fall while thirty-four, aspiring for fame on the gridiron, reported for spring training. Eight Freshmen were on the Junior High basketball team and a number went out for baseball. Four members have represented our class in the High School Band while Mr. Bryan numbered eight in the High School Orchestra. On the staff of the "Voyager" our class was represented by Arba Williamson, literary editor, and J. D. Taylor, business manager. The "dumb" Freshmen were second to the "dignified" Seniors in the number of "Voyagers" sold.

True school spirit has been shown by our class from the time of our enrollment. We have upheld pep meetings, snake dances, and cheering, in true Freshman style.

The first lap of our high school career, with its round of exams, report cards, reproving looks of the teachers, and gibes of the upper classmen being completed, we await our chance to look on the incoming Freshmen with the customary indifference of knowing Sophomores.

Who works hard in C. H. S.,
Day in, day out, the same;
Pounding her typewriter with
the best
With never a thought for fame?

Who has for all a friendly smile,
A kind word when she greets
us,
Cheers us up when we're "down
and out,"
No matter how life treats us?

Who knows everybody 'round
this school,
Whether Jones, or Smith, or
Lloyd;
Known by all, and liked by all?
It's our own Lucy Boyd.

G-Clef and Glee Clubs

OMPOSED of girls from the Junior and Sophomore classes, the G-Clef Club is one of high merit in the school. It is here that the girls are first acquainted with music of a more classical nature which proves to be of a higher educational value than that previously studied. Their music usually consists of three-part songs which are prepared for rendition from time to time throughout the school year.

The Glee Club, a boys' organization, is made up of members from the Junior and Sophomore classes. The boys are here given their first opportunity to sing male chorus music, which has proven itself to be a very beneficial course. Due to this work, many members are later able to participate in similar organizations such as the college glee clubs. Aside from the music studied for regular class work, the club prepared mixed chorus numbers with the G-Clef Club, to be rendered at the

Orchestra

WITH an increased membership over that of any year previous, the Carnegie High School orchestra has proven itself a beneficial organization of the school. The instrumentation is also in contrast to that of other years, thus enabling it to present music of a more varied nature. There are seventeen violinists, some of whom play a third part which takes the place of the viola. Since we have no cellos, two of the four saxophone players use the part written for cello. For the first time in the history of the high school there is one flute. This instrument and ten clarinets comprise the woodwind section. In brasses there are four trumpets and one trombone. One player for drums and another at the piano complete the personnel of the orchestra. The director is untiring in his efforts to develop through this channel a fuller and deeper appreciation of music.

The orchestra has furnished music for several different programs throughout the year. It offered selections for two nights' performances of the American Legion play at the Library Hall, and for the Gold Star Mothers' program at the Carnegie Theatre. It also rendered a number composed of selections from Verdi's "Il Trovatore" at the annual Spring Concert of the music clubs, and presented music at the Senior Operetta. The orchestra appreciates opportunities such as these to give the students a broader experience in playing in public.

Band

THE first Carnegie High School band was organized during the football season of 1929. It was composed of ten members who paraded through the town in clown costumes. By February of 1930, a band consisting of 77 students was organized under the direction of Walter H. Cameron, a former member of the John Philip Sousa Band. By the following June it was able to hold its first concert and in the fall to appear at the football games. It continued to show rapid development through its annual concerts and was further encouraged by the purchase of uniforms for the first football game of the 1931 season.

Under the competent leadership of Mr. Cameron, the band has completed the most successful year in its history. He not only has been patient, but has shown a personal concern through his many efforts to stimulate the interest in the band with concerts which have been educational as well as entertaining.

One of the outstanding events of the year was the joint concert of the Carnegie-Canonsburg bands on March 3 in the Library Hall. The combined Carnegie and Bridgeville bands also played concerts in their respective schools, affording the students an afternoon's entertainment.

It is evident that the members have devoted much time and energy in producing a band which has been an asset to the community, and which is capable of representing it whenever called upon.

Choral Club

FOR the past few years, Carnegie High School has been quite fortunate in its senior classes being capable of having a club derived from their own membership. The Choral Club participates annually in the Senior Literary program, the Spring Concert, and the Commencement exercises. In addition to these, the Choral Club offers a senior operetta, given in June. This year the club was also able to present a one-act operetta, "The Family Doctor," which occupied a place on the Spring Concert program.

The scene for the entire operetta is laid in a forest, surrounded by warring tribes of Indians. The Tomahawk tribe is enjoying an hour of leisure when the chief receives a message from Chief Arrowhead who states that unless Prince Whiteface, Chief Tomahawk's son, consents to marry his daughter, Lillamush, he will make war upon the Tomahawks. Upon receiving a reply to the contrary from Chief Tomahawk, his immediate answer is, "War"!

When the second act opens, the war is over and Lillamush who has been taken prisoner, appears and is changed into a beautiful young maiden by the magic powers of Layemout, the "Medicine Man". Prince Whiteface, the supposed son of Chief Tomahawk, is finally discovered to be the son of a western pioneer who has been visiting the tribe with his daughter, Waltzie. Prince Whiteface, or the "Pioneer's Papoose," must then be no longer an Indian prince, but must return to his own people.

Senior Commercial Club

UNDER the able sponsorship of Miss Cochran, the Senior Commercial Club has concluded its second successful year. The executive board, program, and social committees were most thorough in their activities and presented some very interesting speakers and enjoyable social entertainment. At the December meeting the speaker, Mr. Dare Fleck, Traffic Manager of Westinghouse Station KDKA, gave an instructive talk concerning the inside working of a broadcasting studio. On April 5, with the faculty and the newly organized Cavalier Clubs as our guests, Mr. Reed of the Pittsburgh Coal Company presented an illustrated lecture covering the entire process of coal mining. This interesting talk was followed by refreshments, games, and dancing. The May meeting, conducted by the five Junior members of the club, gave evidence of a very successful year to follow. At the close of the year, the members of the club of 1932 were guests at a picnic held at South Park.

The members extend their thanks to Miss Cochran whose tireless efforts have contributed greatly to the success of this year's club, and also to the faculty for their excellent cooperation.

May the Senior Commercial Club continue to carry on.

Cavalier Club

strong feeling of unity and friendliness in the Senior Class this year gave birth to the Cavalier Club, a permanent organization founded on the broad basis of social recreation, wholesome fellowship, literary appreciation, and cultural activities. The Cavalier Club embraces the Senior Academic Division of Carnegie High School and ten Junior Academics selected by the club to serve as a nucleus for next year's organization.

The Club elected the following officers for the school year:

President	Irving Suttin
Vice President	Jimmy Stewart
Secretary	Helen Bradwell
Treasurer	John Wishart
Parliamentarian	Kenneth W. Houp

Under the friendly counsel of our sponsor, Miss Milliren, and the kindly interest of Mr. Knarr, the Cavalier Club held a number of enjoyable meetings throughout the year, at which we had the pleasure of hearing Mr. F. H. Wentzell of the Western Pennsylvania Humane Society, speak on "The Dog, Man's Best Friend", and Attorney Emily Wilson who gave an instructive talk on Parliamentary Law. Principally, however, entertainment was secured from within the Club, and provided a variety of subjects ranging from readings, instrumental and vocal music, and moving pictures to current events and a History of Money.

It is the hope of the Cavalier Club of 1932-33 and of its sponsor, Miss Milliren, that the organization, built upon a liberal constitution, will serve as an increasing source of social enjoyment and wholesome instruction for future Cavalier Clubs.

IFTY girls from the Sophomore and Junior classes compose the membership of the Home Economics Club. The program for this year included the Kid Party which was held for all the girls of the high school. The evening was spent in dancing and playing games led by Miss Corbett. The girls were surprised to have the Grenadiers Orchestra play for them during the latter part of the evening. Among the prize winners were Helen Perlman, Louise Mayer, Isabel Van Balen, Ruth Burry, Lucy Boyd, Ruth Blocker, Edith Page, Bertha Graham, Jane Moore, Ann Popivchak, Lillian Perlman, Virginia Forsythe and Mary Pszeniczka. Honorable mention was given to the Misses Ling, Corbett, Moore, and Rinehart.

The next social event was the Christmas Dance held December sixteenth. The University Dance Band furnished the very delightful music. During the intermission the club presented a floor show featuring some of the local talent. Among whom were Helen Roman, Oliver Danziger, Wilfred Kearton and Raymond Aley. While all the couples were happily dancing they were surprised to have Santa enter and greet them.

Among the other activities were a facial demonstration by Mrs. Elwell, a demonstration and lecture by Mr. Carlyle on "The Correct Preparation of our Food," a Mother's Day Tea, a Fashion Show featuring the garments made by the Home Economics classes, and a picnic in June.

At the first meeting of the year the following members were chosen as officers:

The Athletic Association

 N 1921 the Carnegie High School Athletic Association was organized by Coach Weaver, a former football star of State College, for the purpose of supervising athletic activities of the school. The sale of tickets which entitles a student to membership, athletic dances, and the sale of confections at games were the Association's source of revenue. Inter-class basketball, a sport of recent years, also contributed to the coffers of the Association. This year the Association inaugurated the policy of awarding similar letters to varsity athletes, distinguished by an insignia of the sport.

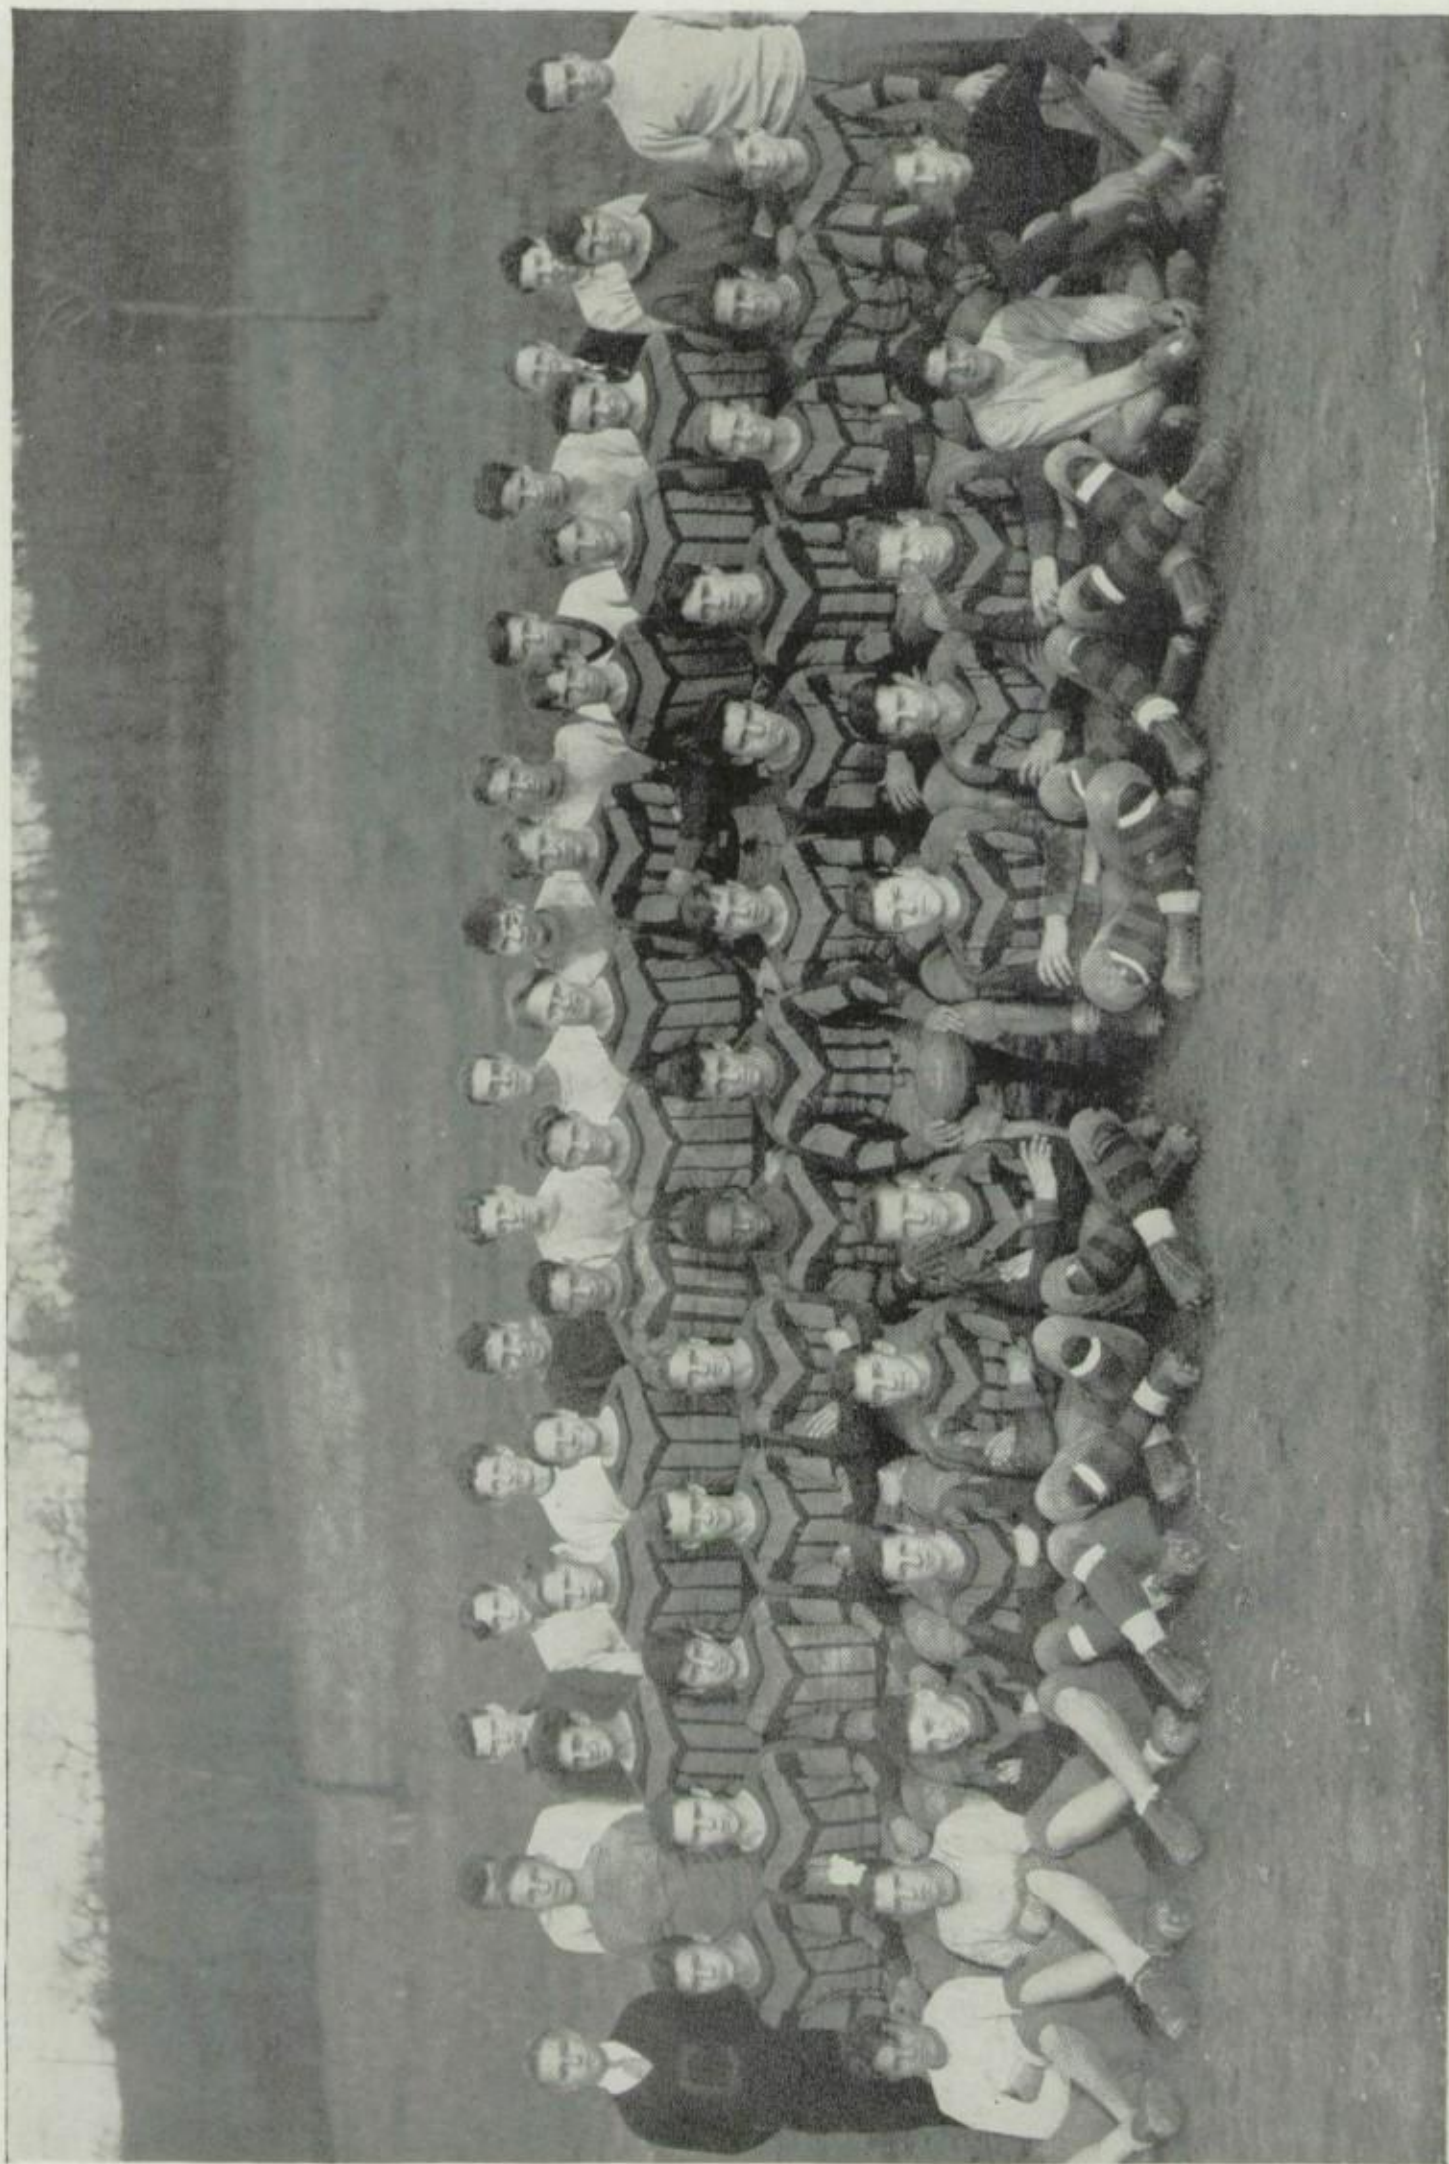

The faculty advisers were: Mr. Knarr, Principal; Mr. Adams, Coach and Athletic Director; Mr. Schumacher, Coach; and Miss Corbett, Girls' Physical Director. The managers of the varsity teams were: Charles Lowar, football; Ollie Burdis, basketball; and Irving Suttin, baseball.

Football

CARNEGIE High's record for the past season has been lauded by its followers, both students of the school and the alumni. The schedule included teams of high standard of the Western Pennsylvania Interscholastic League. Although its determined efforts to maintain an undefeated record were erased by two defeats and two ties, the team managed to attain second place among the teams of this district. This record has not been duplicated in all the years of the school's participation in interscholastic football.

The completing of the successful schedule was due in great measure to the guidance and efforts of Coach Richard Schumacher. His merited record as the football mentor of Carnegie High has proved very satisfactory to its athletic supporters.

At the beginning of both spring and fall practices, a large number of candidates responded. The majority of them were retained at the close of the season. Handicapped by the loss of linemen last season, Coach Schumacher remolded a complete new line. An aggressive team was soon developed with driving force on the line as well as in the secondary. The speed of the backfield and its passing ability proved a menace to every opposing team.

Although the team displayed great strength in most of the games, it showed itself much more plainly in the final game of the year with Crafton. Our boys launched their attacks in the early part of the game, very much determined to gain possession of the "Cole Cup." Our traditional rivals were quickly vanquished by a series of brilliant plays and passes. The final score of the day's game was 27-0 in favor of Carnegie. The rules giving possession of the cup state that the winning team is to keep the cup for the ensuing year. Carnegie has won two games in succession while Crafton so far has succeeded only in tying one of the three games played. This game with Crafton attracted a large attendance of five thousand representatives from both towns. It was one of the largest crowds ever seen at a local football game.

At the annual banquet given by the Carnegie Rotary Club, nineteen players received their letters. They were as follows: Medwig, Bradley, Armes, Beadling, Freshwater, Stotsky, Pozzi, Pretka, Steffora, McFarland, Peresmen, Cosentino, Howard Aspinall, Weinstein, McManus, Thorpe, Spelar, Krok, Simon, and Manager Charles Lowar. Milton Peresmen was elected captain for next year's team. James Armes was honored in receiving the cup which is given by Mr. E. J. Cole of Carnegie to the most valuable player of the season. Speeches were given by football players of the University of Pittsburgh and former Carnegie High players.

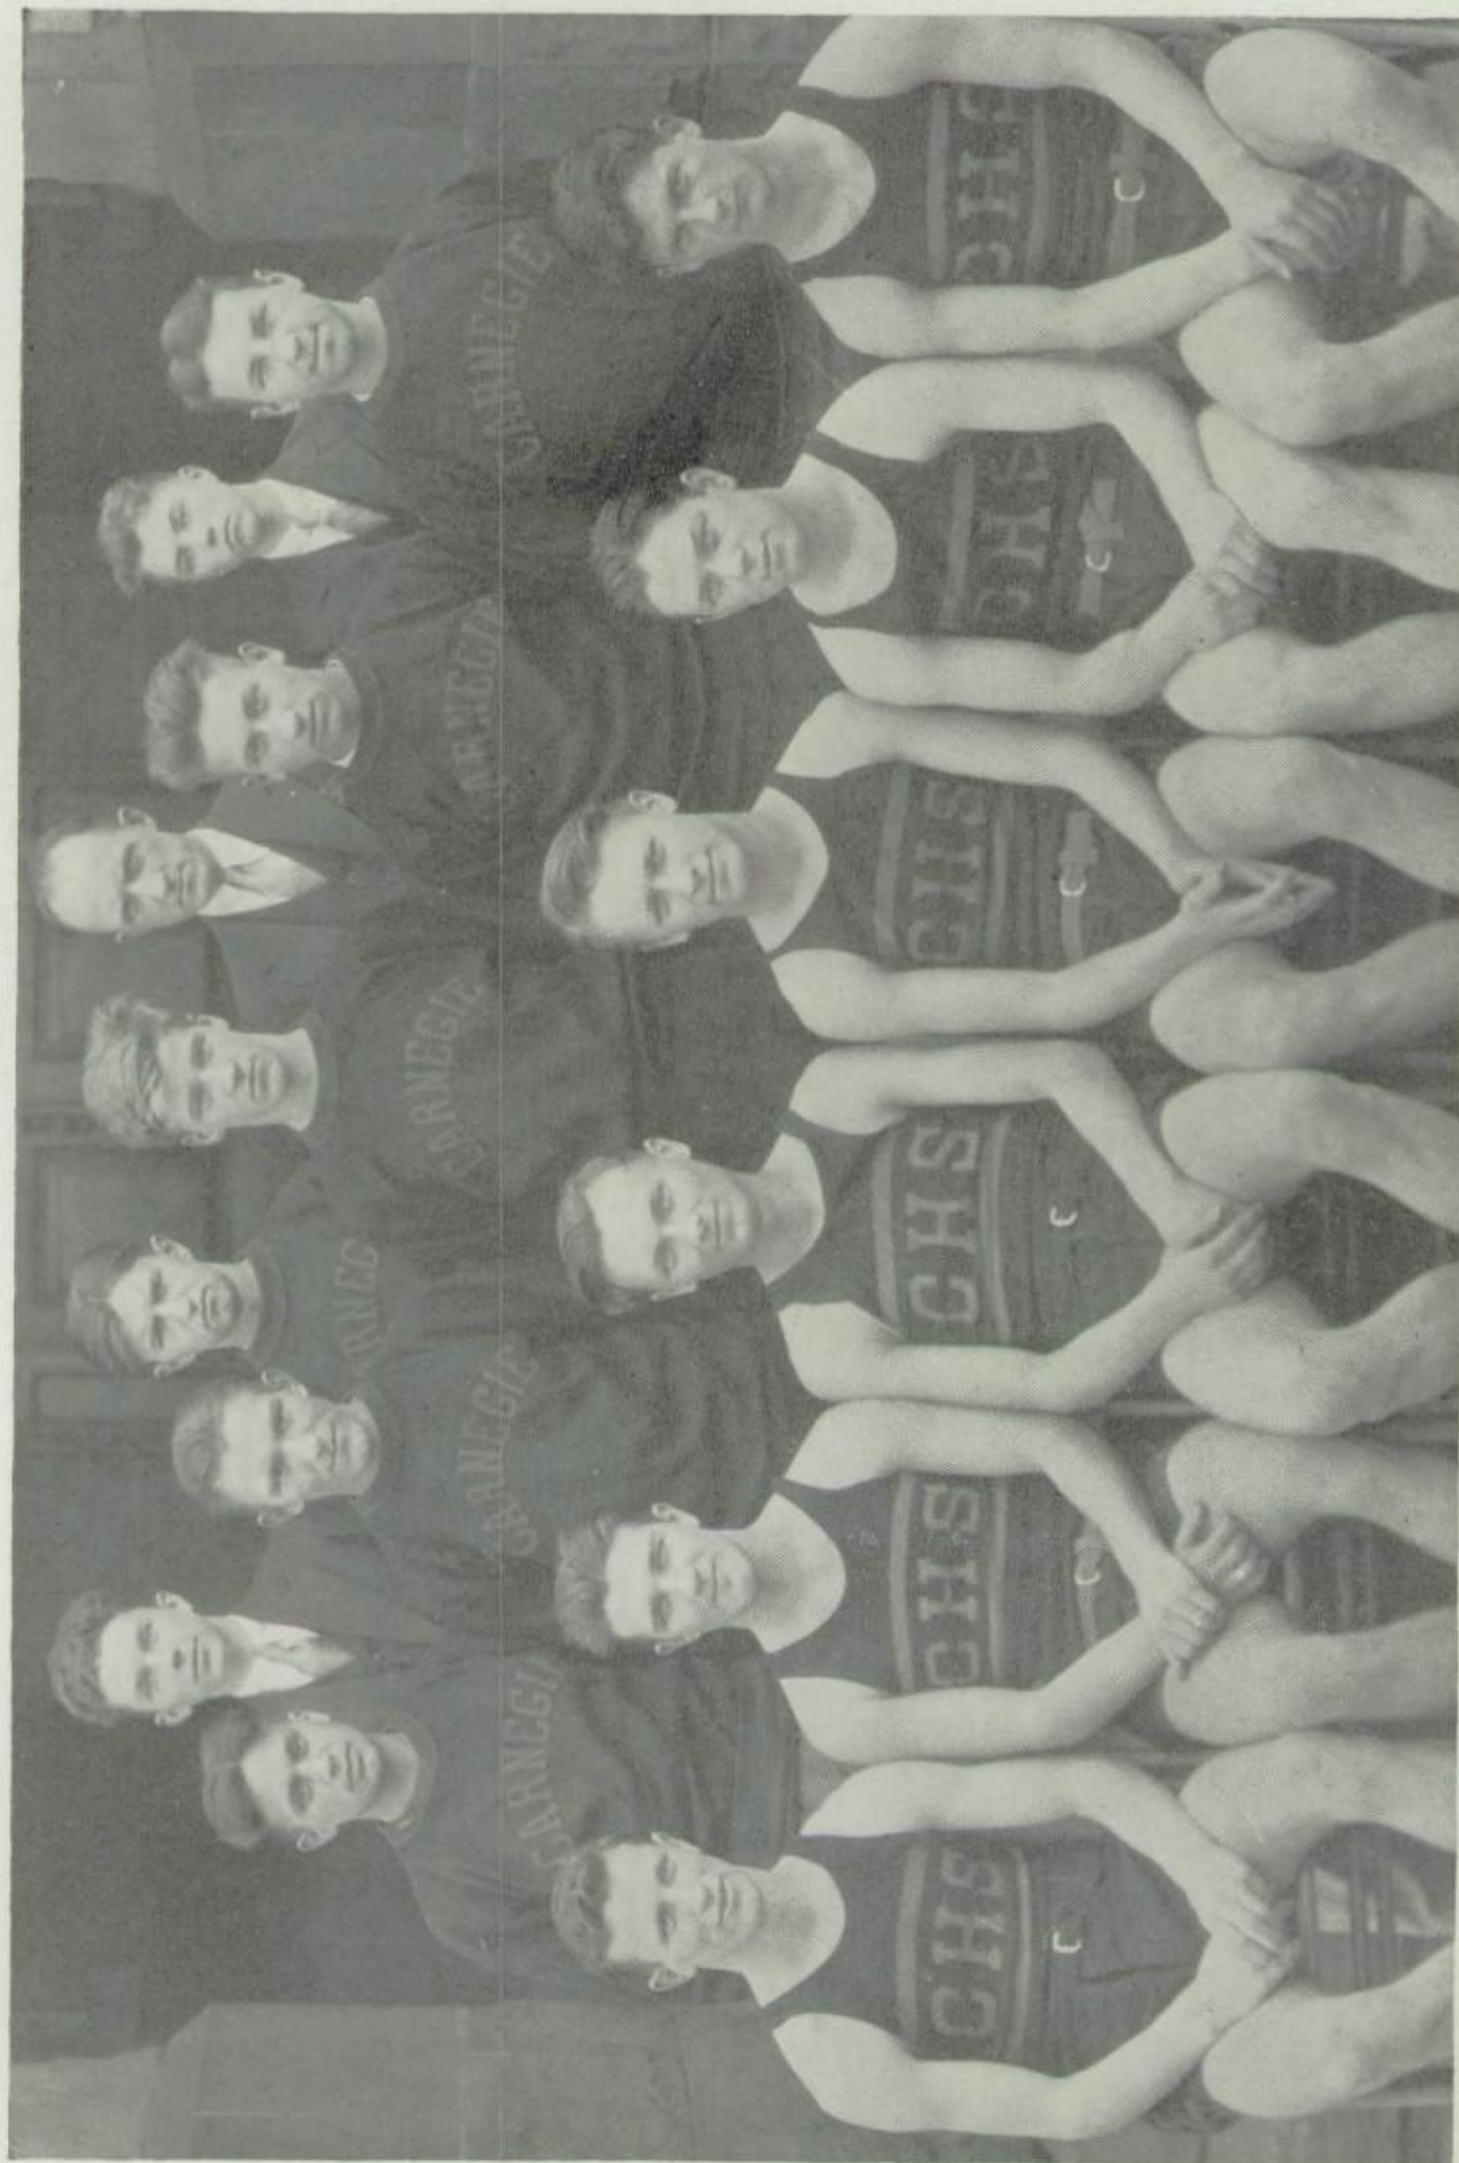

Eight seniors finished their football activities this year. These included Freshwater, Armes, McFarland, Pozzi, Medwig, Fera, Thorpe and Simon.

Varsity Basketball

AFTER the close of the football season, Coach J. Arthur Adams opened the season's practice in basketball for 1932-1933. In addition to lettermen of previous seasons many new recruits were added to the team as hopeful material for the future. The return of Kapeluck and Stotsky in the regular line-up in the forward and guard positions strengthened the team considerably, while the other three remaining positions were filled in by last year's lettermen. With the combination of veterans Coach Adams looked forward to a successful season in the sectional race of the W. P. I. A. L. during the year.

Four non-league games with Bridgeville, McDonald, South High, and the Alumni opened the schedule before the regular league games. Carnegie defeated the Alumni and McDonald, but bowed to South High and Bridgeville. The game with South High was the first invasion of a city-league team on our own floor, with South giving a splendid exhibition of passing and dribbling. The Alumni game proved to be the usual rough, hard fought game with the Alumni pressing the varsity to the last second only to lose by two points.

Carnegie got off to a good start in the first half of the league games, winning five and dropping only one to Mt. Lebanon. This placed Carnegie in a tie with Mt. Lebanon for first place in Section IX.

The most outstanding games of the first half were with Mt. Lebanon and Crafton. In spite of the good showing of Carnegie in the league games the team suffered its worst defeat at Mt. Lebanon, being able to score only nine points to the opponent's twenty. The first match with Crafton not only proved to be exciting but drew the largest attendance of the year with the usual rivalry displayed by both teams. In the second half of the campaign, which was played for the most part away, the team's winning streak was marred by losing game after game, being able to take one game of the six played. Despite the fact that Carnegie won only one game in the second half, the remaining three games were lost by a few points with the exception of Mt. Lebanon. This series of reverses, however, eliminated Carnegie in the Section IX race.

Carnegie closed its season's campaign in a losing game with Stowe which was the thriller of the year, with both teams running neck and neck in a very close game. Carnegie thus closed its basketball season of 1932-33 with a total of nine victories and nine defeats.

Although composed of veteran players the Black and Orange did not come up to expectations. Throughout the season, play was erratic; in most instances it resembled that of both champions and beginners in the same contest. The players of the first team were on the all-sectional team of Section IX. John Kuten was chosen as the best center of the section while Mike Solominsky and Ed. Stotsky were chosen as guard and forward for the all-sectional second team. Solominsky proved to be the team's highest scorer of the year with seventy-eight points.

The entire first team composed of Danziger, Kuten, Solominsky, Kapeluck and Stotsky ended their basketball career at the close of this season's schedule for Carnegie High.

Baseball

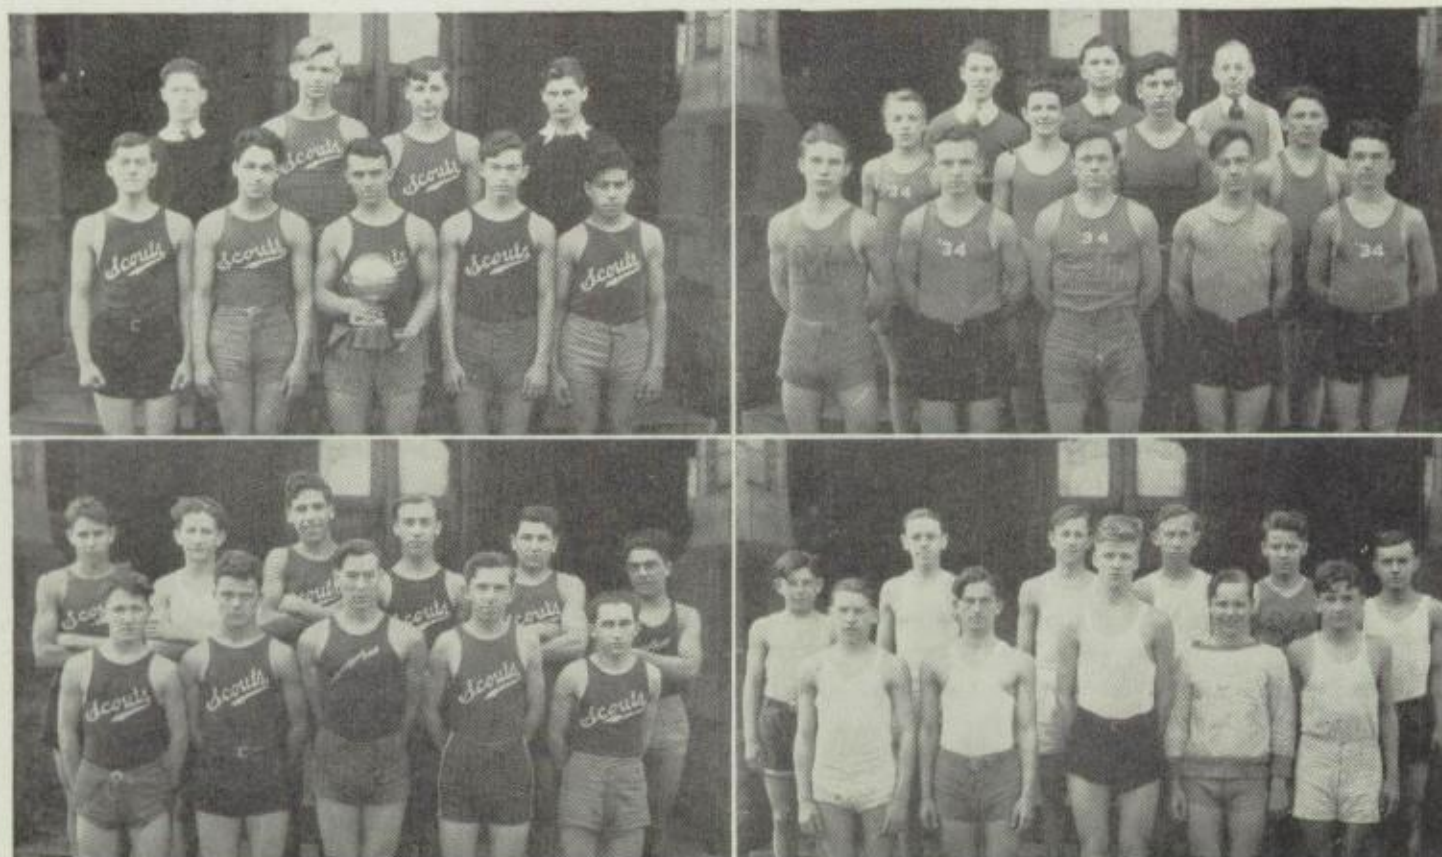

IN spite of the rainy weather which prevailed throughout the first half half of the season of Carnegie High's baseball schedule, Coach Adams managed to turn out a surprisingly powerful team. With the return of five lettermen from last year's team and the new recruits who reported, a smooth-working combination was developed which threatened to duplicate last year's record. However, the team was unable to step into its stride until the beginning of the second half.

With one day's practice on the field, Carnegie opened its season by losing to Dormont and Findley. With a change in the personnel of the team, and a few breaks from the weather man, the remaining games on the schedule were victories for Carnegie. The team developed into a strong combination, both offensively and defensively. The last five games were shut-outs in which the Carnegie boys scored a total of fifty runs to none for their opponents. Had the weather not been such as to make practice impossible, and thus preventing the coach from getting a proper line on the possibilities of the boys trying out for the positions, it is likely that the first two defeats would have been victories.

The team included Medwig, catcher; Stockum, a new recruit, at first base; Kuten, last year's first baseman, at short; Bishop, a freshman, at second; and Swentkoski at third. In the outfield, Stotsky played right field, Pozzie and Jones alternated at left, while Channas and Freshwater fought it out for center. The pitching staff consisted of Jones, Zaletski, Raclowski, Krovschych. Utility players were Dorn and Shreiber, catchers; Trinkala and Mitchell, outfielders.

Letters were awarded to Medwig, Jones, Kuten, Stockum, Bishop, Swentkoski, Stotsky, Pozzi, Freshwater, Channas, Raclowski, Zaletski, and Suttin, manager. With the exception of Medwig, Kuten, Stotsky, and Freshwater, the same team will return next year.

Boys' Inter-class Basketball

CLASS basketball assumed an aspect of keen rivalry among the four class teams this year. The fact that each team was determined to maintain a clean record as well as to take the championship added to the interest of every game. However, in spite of the strong opposition given by the Juniors, Sophomores, and Freshmen, the Seniors managed to win five of their six games, thus taking the championship. The present Senior team claims the title for two consecutive years, having won the title during their Junior year.

In spite of the good record presented by the Seniors, they were hard pressed by the Juniors who had lost only two games. The Junior class team was composed of capable material and was very hopeful to be classed as title holders for this year. The Juniors were the only team able to defeat the Seniors during the entire season.

The Sophomores finished in third place in the class league, losing three games and winning three. During the second half of the season, the Sophomores and Juniors were deadlocked for second place, but the Sophomores were eliminated by the Juniors in their second meeting. The Sophomores shared honors with the Seniors by giving the Juniors their second defeat of the season.

The Freshmen ended their schedule without winning a single game during the entire season. Although the Freshman team was composed of inexperienced players, they were able to display fairly good team work in every game.

In addition to the league games, the class teams participated in many other games. The Seniors, as champions, were given additional games against the Alumni, the varsity, and the Faculty, as the closing games of the season.

Girls' Inter-Class Basketball and Volleyball

INTER-CLASS basketball has rapidly taken the place of varsity basketball. This has been responsible for a far greater number of girls taking up basketball. The interest in Girls' Inter-class Basketball was shown by the increasing number of spectators that were present at the games. The upper classmen of '34 need to look to their laurels if they hope to keep the championship for next year out of the hands of the present Freshmen. Notwithstanding the fact that the first game brought defeat to the Frosh, they valiantly stood up to the remaining teams. The Juniors followed the example of the Seniors and won their first two games against the fine teamwork of the Freshmen and Sophomores. The Junior and Senior teams were out to win the championship game. The keen competition in this contest brought out the fine results of the teams' coaching. Victory seemed tossed from one team to the other. The fans cheered each basket gained and after an extra period was played amid a burst of enthusiastic cheering, the game closed with the Juniors on the top! The Misses Leona Snyder and Irma Castellani were the referees for all the games.

Volley-ball has also become an increasingly popular sport in girls' activities. When recruits were called for, many girls answered the summons. Squads were then formed from the best material of each class. Each team fought hard to obtain the championship, but the Junior team won the crown. Contrary to all expectations,

 Freshmen—First Row—Duda, Kapeluck, Hutchinson, Danzinger, Hanna. Second Row—Griffen, Scott, Quinn, Glasser, Haudenshield. Third Row—Bradford, Meo, Watson, Harowicz.

the Freshmen acquitted themselves in a very clever and able manner although the game was new to many of the girls. The teams elected captains as follows: Norine Jolly, Senior; Ruth Burry, Junior; Sue Medwig, Sophomore; and Rose Mary Hutchinson, Freshman.

As a result of the interest shown in these sports and in physical education work in general, the girls of Carnegie High School have organized a Girls' Athletic Association. The constitution of the club requires that, in order to become a member, the girls must be on a basketball or volleyball team, or must prove themselves capable in such work as folk dancing, gymnastics, track or field activities. Merit in some work or team was recognized by a letter or insignia. Each Monday and Wednesday after school the girls had the gym floor for informal practice in any work in which they might wish to excel.

The club organized this year will be carried on next year, and extended to include more members. The officers were: President, Lorraine Clatty; Vice-President, Janet Brush; Secretary, Janet Pascoe; Treasurer, Louise Schempp; Manager, Betty Barnum; Sponsor, Miss Sarah Corbett.

BASKETBALL

First Row—Andy Salynski, Harry Dorn, Jack Deschler—Capt., Frank Cusato. Second Row—Leo Pastor, J. D. Taylor, William Poole—Mgr., Thomas Manion, Harry Schreiber.

Junior High Basketball—1932-33

WITH a few substitutes remaining from last year's team, Carnegie Junior High proved to be one of the best basketball teams that had played under Donald Glossner, their coach. They provided numerous exciting games away as well as on their own floor. They were able to take five of their eight games played, losing two to Crafton and one to Dormont. Bridgeville and Mt. Lebanon were each defeated twice. Taylor led as high scorer of the team, while Salynski scored the highest number of fouls and was second to Taylor in the number of field goals.

The first team was composed of Taylor and Salynski as forwards, Deschler and Dorn as guards, Schreiber taking the pivot position, and Pastor and Manion as the leading substitutes. John Deschler was elected to lead his team-mates for the season.

Senior Dance

October 28, 1932, marked a successful evening for the Seniors. Hallowe'en colors, corn stalks, and lanterns afforded the decorations of the Harding Gym. Delicious apple cider served to refresh one after dancing to the music of Vincent de Sensi's orchestra. All classes were well represented and enjoyed a very pleasant evening.

T. M. T. M. Kid Party

Rain didn't keep the "kiddies" home on the evening of October the fourteenth, when the members of the T. M. T. M. Club entertained the rest of the girls of C. H. S. at the Harding "Playground" with a Kids' Party. Among the children were dancers, old fashioned lassies, tomboys, and dollies in checkered rompers, but only one baby ventured out in this bad weather. A grand march began the evening and was followed by a series of games and dancing. Lollypops quieted the children and prizes were awarded by members of the faculty and honored guests. The evening was closed with a short program of dance music offered by the "Grenadiers".

Athletic Dance

Most students of Carnegie High School look forward to the A. A. dances of the season, but this school term has brought only one to the students. This was held November 18, 1932, and all the classes were well represented. Everyone enjoyed dancing to the music of the Hot Eskimos.

These athletic dances are informal and stags are admitted, thus some of the more bashful Freshmen enjoy themselves.

Sophomore Hop

The Sophs have turned a page in their school days to let us see just what kind of entertainers they could be—and what a success! June second was selected as their "big day" and the place, the Harding Gymnasium. Everybody seemed to flock to that one place of amusement that evening. Every class showed its colors. The music was furnished by Art Giles and his orchestra. How quickly those hands rolled around to midnight and everyone departed, sorry it was all over. A real Social Success was added to the Sophomores' book of entertainment.

Junior Prom

The Junior Spring Cruise was held aboard the S. S. Harding, Friday evening, April 28th. On boarding the ship everyone was welcomed by the captain of the crew and guaranteed an enjoyable evening. The main salon was the center of entertainment, being decorated with a great many flags and pennants representing the various steamship lines. The ship weighed anchor at 8:30 p. m. for several hours of delightful entertainment to the music of Will Ryshanek and his orchestra. The captain, the Junior class president, led the grand march. All on board were disappointed when the ship docked at 12:00 o'clock.

The Seniors wish to thank the Juniors and congratulate them on their originality, wishing them success in their senior year.

T. M. T. M. Christmas Dance

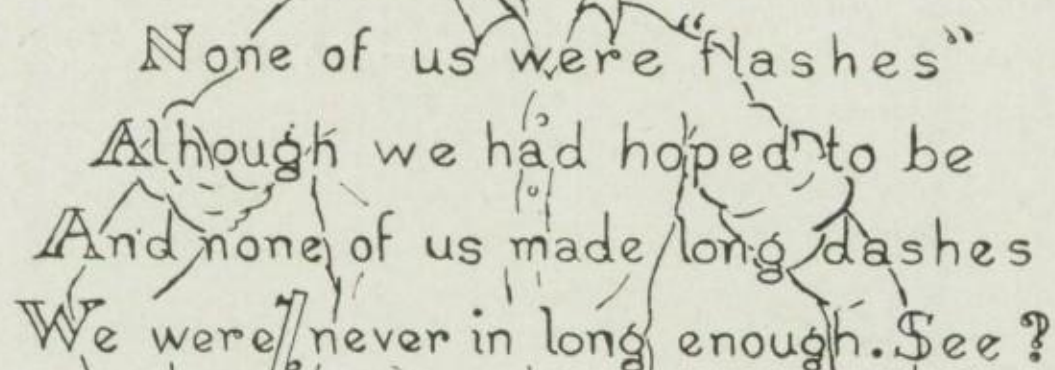

Harding Gym, beautifully decorated with Christmas ornaments, was the center of entertainment and dancing on Friday, December 16th. Delightful music was played by the University Dance Band. Even Santa attended to greet everyone. The crowd was entertained during the intermission by vocal solos and a banjo and guitar duet. We salute you, members of the T. M. T. M. Club, and wish you success for all your future dances.

THE MINUTE MEN

— OF 1932 —

None of us were "flashes"
 Although we had hoped to be
 And none of us made long dashes
 We were never in long enough. See?

But we all took the bumps and liked it
 And came back for more with a grin
 We stuck with the team when they won one
 And when they "took it on the chin"

So, Coach, whenever the going gets tough
 And all of your "big shots" fall down
 Put in your second stringers and watch

Tennyson could take a worthless piece of paper, write a poem on it, and make it worth \$65,000. That's genius.

Some men could sign a check and make it worth \$50,000. That's capital.

To the Seniors of '33

We're Freshmen green, you Seniors say,
Untried, untrained, and new;
You shun us everywhere we go,
With us you'll have nothing to do.

Yet we'll have chance to prove our worth
As you did, Senior class.
In three years we'll be Seniors, too,
Provided that we pass.

So as you leave, think well of us.
Time our faults will outwash.
Remember he who would be a Senior,
Must first be a lowly Frosh.

Nick Wuich '36

With the passing of the season of 1932-33 the cheerleading organization completed a successful year. Each year the student body cooperates more readily with the yell-leaders. Since letters are awarded only to Senior members, Frances Young was the only one who received that recognition this year.

RULES FOR STUDY HALL

- 1: Don't talk all the time.
2. You may sleep, but watch your snoring.
3. Don't think out loud; it annoys your neighbors.
4. Watch where you sit—you may sit on a Freshman. (Vincent).
5. Treat all the teachers as pals.
6. Keep quiet enough so that you can hear a brick fall.
7. Don't eat candy from cellophane bags—it's too noisy.
8. Upper classmen refrain from swearing and using slang as it may astonish the new little angels.
9. Don't chew gum just because you saw your favorite teacher chew it.
10. Don't snap your fingers too hard on Mondays—you may wake the teacher up.
11. Don't read the notes that are sent to you to be passed on.

Varsity "C" Club

The varsity "C" Club was organized in the fall of 1932 under the able sponsorship of Mr. Richard C. Schumaker. This club consists of all boys who have earned at least one "C" from either football, basketball, or baseball. The purpose of this club is to promote closer relations between the boys in school and the

alumni, better training, and better athletic teams in the future. The members have enjoyed many interesting meetings this year and we hope they will continue in the future.

The officers were: President, Robert Freshwater; Vice-President, William Simon; Treasurer, Thomas McFarland; Secretary, Charles Lowar.

Girls' Athletic Association

These girls were the members of the Girls' Athletic Association which was organized during the past year. Their work has been outlined in the Athletics section of this Voyager. Their activities ended with a picnic on June 14.

Physical Achievement Winners

Back row—Davis, Weikel; front row—Stewart, Bagnato, Joel.

One of the most enjoyable, as well as one of the most valuable features of the boys' physical activities program is that of the achievement tests. These tests are given once each year, usually the latter part of the second semester, and include such activities as the running high jump, standing broad jump, chining, push-ups, basketball goals in a specified period of time, hop-step-jump, etc. An accurate record of each boy's accomplishment is kept, from which he is able not only to measure his own improvement from year to year, but also to compare it with that of other boys of his own age, weight, etc. The winners of this year's tests, Donald Davis, Jimmy Stewart, Robert Joel, James Bagnato and Thomas Weikel, although failing to approximate the scores made by last year's winners, won sufficiently high scores to place them

ahead of 250 others who competed with them.

Our "P-G's"

The "P-G's" were enrolled in courses in English, science, and the commercial subjects. Sigmund Kosewic, Charlotte Boehmer, Homer Fry, Lucy Yee, Wm. Yates, John Picard, and Margaret McCaffrey were graduates of the class of '32; and John Chilton, Geo.

Boden, Glenn Morrison, and Emil Dubil of '31.
